COORG CHIEF COMMISSIONER'S OFFICE.

FROM

MAJOR D. ROBERTSON,

SECRETARY TO THE CHIEF COMMISSIONER OF COORG.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

HOME DEPARTMENT,

(EDUCATION.)

Dated Bangalore, 19th February 1887.

SIR,

I am directed to request the favour of a reference to the correspondence ending with your office letter No. 152, dated the 10th May 1886, on the subject of the separation of the functions of the combined offices now held by Mr. Marsden, of Head Master, Mercara Central School, and Inspector of Schools in Coorg and in the South Canara District of the Madras Presidency, and to say that the Chief Commissioner re-opens the question now mainly on the ground of the necessity that exists of incurring some expenditure in connection with the control, inspection, and accounts of the numerous European and Native schools in the Assigned Tract of Bangalore.

2. This work, I am to say, is now performed gratuitously, with the permission of the Mysore Durbar, by the officers of that State, viz. the Director of Public Instruction, the Deputy Inspector, Bangalore, and a Mysore office establishment. But the Durbar cannot be asked to continue this permission indefinitely, and work done gratuitously is not generally very zealously performed. It will be necessary, therefore, either to sanction local allowances to the Mysore Educational Department officers who do the work as proposed by the Director, or to ask the Durbar to allow a rateable share of their pay to be borne by the administration of the Assigned Tract. The first system, by the *scale proposed by the Director, which does not seem high, would cost Rs. 2,040 in local allowances and in addition, with reference to increasing work, the Director asks for a Sub-Deputy Inspector on Rs. 30 per mensem and a Writer on Rs. 15 to be employed solely in the Assigned Tract; the total cost, therefore, would be Rs. 2,580 per annum.

	Rs.
* Allowance for Control ...	600
Do for Inspection ...	1,200
Allowance to officer for preparing accounts &c.	240
	2,040

The second system would not, Mr. Lyall thinks, cost less, and it would be less satisfactory as such zealous work could not probably be obtained on this plan as on the other.

3. Under these circumstances Mr. Lyall has considered whether any other scheme could be worked out whereby the Resident could be relieved of dependence on the Mysore Educational Department in respect to the Civil and Military Station of Bangalore, with its large and increasing number of aided schools, of which so many are for Europeans and Eurasians. In this connection the fact occurred to the Chief Commissioner that his proposals to get rid of the admittedly unsatisfactory arrangement in Coorg whereby the same officer is Head Master of the Mercara High School and also Inspector of Schools in Coorg and South Canara, were not sanctioned by the Government of India only because they involved a small increase of expenditure. It also occurred to him that in Coorg, South Canara and Malabar, inspection work is practically impossible in the monsoon, or say from the end of May to the beginning of October, and that during that time an Inspector would be as well or better placed

for his duties in those districts in Bangalore as at Mercara in Coorg, and would have ample time to thoroughly inspect and control the schools in Bangalore. In fact, so far as Malabar is concerned, the Inspector would be better placed in these months at Bangalore than in Mercara, as there is railway communication from Bangalore to Malabar. The Chief Commissioner, therefore, consulted Mr. Marsden and ascertained from that officer that he was confident he could do the inspection work thoroughly of two districts in Madras, of Coorg and of the Civil and Military Station of Bangalore, and that he was prepared to undertake it on the understanding that he would have his head-quarters office at Bangalore, but would be required to spend some 7 months in each year away on inspection duty.

4. The Madras Government formerly agreed to bear two-thirds of Mr. Marsden's pay, plus Rs. 50, special house rent allowance and Rs. 15 office allowance. The Chief Commissioner thinks it probable that the Government of Madras would still be willing to pay two-thirds of Mr. Marsden's pay under the scheme now proposed whereby the Civil and Military Station of Bangalore would be included in Mr. Marsden's inspection circle. If Mr. Marsden is posted at Bangalore, where houses are plentiful and the climate is agreeable, the proposal to give him special house allowance could be withdrawn.

5. The scheme now proposed by the Chief Commissioner involves the following conditions:—

(1) To appoint Mr. Marsden to be Inspector of Schools in two districts of the Madras Presidency, (viz. Malabar and South Canara) in Coorg, and in the Civil and Military Station of Bangalore, two-thirds of his pay being debited to Madras, and one-third to Coorg and the Assigned Tract.

(2) To appoint a separate Head Master for the Mercara Central School on Rs. 300 per mensem, for which sum it is hoped that a capable man may be procurable. From past experience Mr. Lyall does not think that a sufficiently good man could be got for Rs. 250. An able man of some position is required not only for the tuition, but for the control of the large boarding house attached to the school, and of the subordinate staff.

(3) To appoint a man on Rs. 30 per mensem to work as Sub-Deputy Inspector and Office Clerk for the Civil and Military Station.

(4) To grant Mr. Marsden an office allowance of Rs. 15 per mensem chargeable to the Civil and Military Station, in addition to any office allowance which the Madras Government may be willing to grant him.

6. I am to inquire whether the Government of India approves of the above scheme, and whether it will ask the Government of Madras to agree. The following figures show its cost as compared with present arrangements:—

	Present arrangements.		Proposed arrangements.		
	Madras.	Coorg.	Madras.	Coorg.	C. & M. Station.
Pay of a Fourth Grade Inspector Rs. 500 to 750=mean Rs. 666.	222	444	444	111	111
Two Clerks	40	20	40	20	...
Head Master...	...	...	...	300	...
Sub-Deputy Inspector	...	...	...	...	30
Office allowance	...	...	...	...	15
	262	464	484	431	156

The above figures show that the proposed arrangement would cost Coorg revenues Rs. 33 per mensem or Rs. 396 per annum less than at present; whilst in regard to the Civil and Military Station, if Mr. Lyall and Mr. Rice, Director of Public Instruction, Mysore, are right in thinking that Rs. 2,580 per annum would not be too

much to pay for its educational control and inspection, then the scheme proposed would also be economical in this direction as it would involve a saving of Rs. 59 per mensem or Rs. 708 per annum. As compared in fact with the combined cost of the present arrangement in Coorg and the arrangement proposed by the Director of Public Instruction, Mysore, for the Civil and Military Station, the total saving to revenues under the Government of India would be Rs. 92 per mensem or Rs. 1,104 per annum.

7. I am to say that besides being economical the Chief Commissioner believes that the proposed scheme will also tend to improve inspection and control in the Civil and Military Station as well as in Coorg. If, however, these proposals are not approved by the Government of India or by the Government of Madras, the Chief Commissioner hopes that the Government of India will approve of local allowances being paid to the officers and establishments of the Mysore Durbar in accordance with the Director's proposals in his *letter of which a copy is enclosed. This letter will give some idea of the number of important schools in the Civil and Military Station and will show that the work in connection with them occupies about half the time of the Educational Deputy Inspector for the Bangalore District employed by the Durbar. The allowance proposed of Rs. 100 per mensem does not, therefore, seem excessive, but it is of course probable that the Mysore Government may reduce the salary they pay him if he is granted so large a local allowance by the Government of India from Assigned Tract Revenues. I am to add that the appointment of a Sub-Deputy Inspector seems also necessary to improve the inspection of the numerous small Native schools, Tamil, Telugu, Hindustani and Canarese, in the Civil and Military Station.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION,

Dated Bangalore, 22nd October 1886.

FROM

THE DIRECTOR OF PUBLIC INSTRUCTION.

To

THE ASSISTANT TO THE RESIDENT IN MYSORE.

SIR,

I have the honor to reply to para 7 of your letter No. 2744—6285 of the 1st instant as follows :—

The Deputy Inspector's circle extends over the city of Bangalore and over the Civil and Military Station, up to their respective municipal limits. In the former he has at present to inspect 25 schools with 3,777 pupils, and in the latter 54 schools (20 for Europeans and 34 for Natives) with 4,312 pupils, or altogether 79 schools with 8,089 pupils. His pay is Rs. 200 a month, paid entirely from the Mysore State; no remuneration is received for the work in the Civil and Military Station. As regards educational qualifications he was educated partly in England and partly in India; was for 13 years the principal assistant master in the Wesleyan High School, teaching in the College classes at that time maintained, and has been for over 7½ years a Deputy Inspector of Schools. Of the local vernaculars he knows Canarese and Hindustani and something of Tamil.

The circle of inspection as it now stands was defined after the rendition on the formation of the Civil and Military Station. The work has increased very considerably, there being 2,575 additional pupils under inspection, 1,507 in the City and 1,068 in the Station.

With reference to the inquiry in Section (*f*), I have already, in my letter No. 246 of the 18th April last, proposed what appears to me the most convenient and economical arrangement consistent with efficiency for inspection in the Civil and Military Station, and under that arrangement the Station would have a subordinate inspecting officer of its own. A man qualified to do the higher work would cost more than it would be worth while for the Municipality to pay; and the proposal to employ some one to inspect occasionally, even if such a person could be found, there is no question would prove for many reasons highly unsatisfactory both to Government and to the schools.

I have &c.,

(Sd.) L. RICE,

Director of Public Instruction.

Sir

I have the honour to state that on preparing to take charge of the office of Assistant Schools Civil & Military Station, this day, I found that no provision had been made for a clerk to conduct the current work of the office. There are 75 schools to be examined. The grants-in-aid from Govt: funds amounted last year to Rs 30.500. There are constant references I understand from the Managers of these schools on various subjects and the grants are drawn on monthly bills which require careful checking before countersignature. I do not see how the work can be done without a clerk to travel about with me. I have now the honour to request that provision may be made, if possible, for a temporary clerk on Rs 15 p.m. for the remainder of the current official year. The Resident has, I believe, power in accordance with

section 57 (11) of the Pay and Acting Allowances Code to sanction a temporary establishment for a year. The allotment of Rs. 2000 in connection with the reorganisation of the Detective Agency in the C & M. station has not been utilized up to date so that there are savings from which the Pay & Travelling Allowances of the clerk can be met. As I have to leave Bangalore by tomorrow night, I kindly request you to reply to this letter so that it may reach me if possible sometime Today

Sir,

I have the honor to report that I duly took charge of the appointment of Inspector of schools from Mr. Grierson, the Deputy Inspector of schools on the forenoon of the 27th December 88, at Bangalore, and to recommend the following appointments

(1) D. V. Sreekantaya to be Sub Deputy Inspector of schools, Civil and Military station on probation for a year from the 27th December 88, on which date he took charge. D. V. Sreekantaya has passed the B. A. Examination Language branch and is going up for the optional branches this month and is so far as I can judge, quite fit for the place.

(2) Mir Hyder Hussain to be temporary Writer for 6 months, on Rs 15 per mensem to the Inspector for the Civil and Military station with effect from the 27th December 88

He has passed the Middle School Examination and is highly recommended by Colonel Hill. He writes a good hand and has a fair knowledge of English. He has taken charge of his work in anticipation of sanction.

I have likewise the honor to request that the necessary orders may, if the appointments be approved, be issued to the Treasury officer for payment of the salaries of the above mentioned men and of the Travelling allowance of the Clerks.

No. 74, dated, Bangalore, 4th July 1889.

From—The Inspector of Schools, Civil and Military Station, Bangalore.

To—The Assistant to the Resident in Mysore.

In continuation of letters Nos. 7700 dated, Calicut, 12th February 1889, and No. 48, dated 17th June 1889, I have the honor to forward for information, copy of letter No. 375, dated 22nd June 1889, from the Director of Public Instruction, Madras, to the Madras Government. These proposals will probably be adopted by that Government and sent on to the Government of India for sanction.

2. In paragraph 2 of your letter No. 494—1945, dated 25th March 1889, you say—

"The Chief Commissioner agrees with Mr. Marsden in the opinion that the Sub-Deputy Inspector, Civil and Military Station, should be provided with a peon on Rs. 7 and that a clerk should be permanently appointed, but Sir Oliver St. John refrains from addressing the Government of India on the subject as it seems probable that the Madras Government will refer the whole scheme, including the entertainment of a clerk and peon for the Civil and Military Station for the approval of the Government of India."

3. You will see from the letter of the Director, which I forward, that the appointment of clerk for the Civil and Military Station has been included in the scheme, this appointment being the 4th clerkship under "scale proposed" by the Director in paragraph 4.

4. The Director says in his last paragraph (paragraph 9) "As regards the entertainment of a clerk and peon for the Sub-Deputy Inspector of the Civil and Military Station I cannot deal with them as these items are not connected with the Inspectors' establishment which alone is affected by the proportionate contribution."

5. The Director is under a mistake in supposing that the appointment of "a clerk to the Sub-Deputy Inspector" is proposed. Such an appointment has not been proposed, neither is it wanted.

6. As regards the appointment of a peon however, he is, I think, right in declining to include it in his scheme. This scheme includes only the Inspector and his establishment of writers and peons, and his travelling allowance and contingencies, for all of which it is proposed that Madras, Coorg, and the Civil and Military Station should contribute proportionately. It is not proposed to include the cost of Deputy Inspectors, their establishments or peons (under the Inspector) in *Madras or Coorg* and unless this were done, it would scarcely be fair to include the cost of a peon for the Deputy Inspector of the Civil and Military Station.

7. I have, therefore, the honor to request that the appointment of a peon on Rs. 7 for the Deputy Inspector of Bangalore be recommended to the Government of India for sanction, as it is most necessary that there should be some one to live in the office and look after the records and books in it at night, carry letters from the Sub-Deputy Inspector to the managers of the schools in the day time and make up covers, &c., for the use of the Sub-Deputy.

I have also the honor to request that, at the same time, the Resident will be good enough to address the Government of India on the question of carriage allowance for me while on Inspection duty in the Civil and Military Station. In letter No. 48, dated 17th June I gave full reasons for the grant of this allowance which will cost comparatively very little, being only Rs. 150 per annum, or at the rate of Rs. 50 per mensem for the three months during which I inspect schools in Bangalore.

No. 0—375, dated, Madras, 22nd June 1889.

18 A

From—H. B. Grigg, Esq. Director of Public Instruction, Madras.

To—The Honorable the Chief Secretary to Government, Fort St. George.

Under the arrangement sanctioned in Government Order, dated 19th March 1883, No. 157, Educational, the Madras Government contributed one-third of the pay of the combined appointment, Head Master of the Central School, Mercara, and the Inspector of Schools, 7th Division, held by Mr. Marsden previous to the re-organization of the Inspectorate under Government Order No. 542, Educational, dated 29th September 1887, sanctioning the re-organization of the inspecting agency, Mr. Marsden was relieved of the Head mastership of the Central School, Mercara, and his duties are now confined to inspection work alone. He is now in charge of the western circle, comprising the Districts of Malabar and South Canara.

2. In addition to this work Mr. Marsden also inspects the schools in Coorg and in the Cantonment of Bangalore, the Government of India contributing one-third of his pay. When Mr. Marsden was in charge of South Canara District, he had to spend only 3 months in the year in the inspection of the schools there. But under the new arrangements his inspection work has increased considerably and extends to 7 months, and he has to regulate his movements so as to arrange for the inspection in due time of all the schools in Coorg and Bangalore, as well. The travelling expenses therefore are high.

3. As I considered that an equitable distribution of all the charges under the head of inspection was desirable, Mr Marsden, under my instruction, was asked to propose to the Chief Commissioner of Coorg that one-third contribution by the Government of India should extend also to the pay of the establishment, contingencies, and the travelling allowance of the Inspector and his establishment. The Chief Commissioner has agreed to the proportionate division of the expenses, and the Accountant General has recently communicated a copy of the letter of the Comptroller of India Treasuries (copy enclosed) intimating the approval of the Government of India to debiting the travelling allowance and office contingencies of Mr. Marsden to the Government of India and Madras Government in the same proportion as his salary.

4. The expenditure now sanctioned by the Government of India towards the upkeep of the Inspector and his establishment for inspection of the schools in Coorg and Bangalore aggregate to Rs. 4,594 as per particulars noted in the margin. What I propose now is that the different items that come under the head of inspection charges should each be consolidated (except those for travelling) and proportionally distributed. The subjoined statement shews the proportionate expenditure to be debited to Government of India according to the proposed scale—

Inspection ...	Rs. 3,000
Travelling allowance	,, 800
Establishment ...	,, 324
Contingencies ...	,, 200
Office rent ...	,, 180
	4,504

	Rs. 4,594

		Present scale.	Proposed scale.	Rate of contribution.	Amount to be contributed.

Coorg ...	200				
					4,844

The above proposed scale involves only a slight increase under establishment and travelling allowance to India. At the request of Mr. Marsden, the salaries of the clerks have been re-distributed as detailed in the margin. I approve of the proposed scale of salaries of the clerks, for the present scale is too low to induce intelligent clerks to remain in the office for sometime. Moreover the scale as it stands at present is much lower than those sanctioned for other circles, and as according to the proposed arrangements Mr. Marsden's circle is to be looked upon as comprising not only Malabar and South Canara but also Coorg and the Cantonment of Bangalore, the revised scale is just what it should be. I would add that the Chief Commissioner, Coorg, approves of the new arrangements, regarding the establishment which it will be observed involves no extra cost to the Madras Government.

5. As regards travelling allowance, I think it impossible for the Inspector, considering the extent of his range as well as the difficulty of travelling in the Districts under his supervision to keep down his expenses and that of his establishment to Rs. 900. In consequence of there being no assistant Inspector for Malabar and South Canara, Mr. Marsden has more travelling to do than the other Inspectors who are allowed Rs. 1,400 each, and I therefore consider that the present allotment of Rs. 900 for Madras should be increased to Rs. 1,500. I trust that the Government will have no objection to sanctioning the increased cost for which due provision will be made in the next budget. The increased expenditure in the current year will be met from savings under inspection. I am not in favour of a consolidated monthly allowance of Rs. 150 per mensem, which

Mr. Marsden proposes as an alternative arrangement. The system, if adopted in the western circle, should be extended to the other circles, and I do not see my way to recommending its adoption until further experience of the working of the re-organized Inspectorate has being gained.

6. The Comptroller of India Treasuries, is of opinion that, in consequence of the higher rates of travelling in Coorg, the travelling charges for journey there should be debited to the Government of India and those in other parts to Madras, but the Government of India have since approved of the rateable distribution of the expenditure, I would, however, recommend that two-fifths of the travelling charges be debited to India instead of one-third in the other cases. I am constrained to raise the proportion slightly, for apart from the heavy cost of travelling in Coorg, Mr. Marsden will have to travel through Madras territories from Calicut to Bangalore to proceed to Coorg and to undergo the same expense a second time in returning to his head quarters. The extra cost to India will however only be Rs. 60. The item of office rent may be left out of calculation as two separate houses are engaged-one in Bangalore, and another at Calicut, and the proportionate distribution is not properly applicable for this item.

7. There is another point also with reference to which I beg to request the orders of Government. Mr. Marsden having hitherto been permanently located at Mercara, his pay and travelling allowance bills have been audited by the Comptroller of India Treasuries. Under the new arrangement his head quarters, has been fixed at Calicut, and I recommend that all his pay bills, &c., be cashed at this Treasury and audited by the Accountant General, Madras, who will debit the sanctioned proportions to the Government of India. The Comptroller does not object to all the bills being presented at one Treasury but he recommends Mercara probably because he is not aware that the present head quarters of the Inspector is Calicut.

8. I request that the Government will be pleased to obtain the sanction of the Government of India for the revised scale of establishment as proposed above and for their contributing one-third of the cost of establishment and two-fifths of the travelling charges. They have already agreed to the one-third distribution with regard to contingencies. Mr. Marsden's letter No. G. 46, dated 15th April last, which contains the correspondence with the Chief Commissioner of Coorg on the subject, and the letters of the Comptroller of India Treasuries alluded to, are submitted for reference.

9. As regards the entertainment of a clerk and a peon for the Sub-Deputy Inspector of the Civil and Military Station, I cannot deal with them as these items are not connected with the Inspectors's establishment, which alone is affected by the proportionate contribution.

No. 2540—T A., dated 30th March 1889.

From—The Comptroller of India Treasuries.

To—The Accountant General to the Government of Madras.

With reference to your No. 760, dated 14th March, asking for my opinion on certain questions relating to the pay and other charges of Mr. Marsden, Inspector of Schools, I have the honor to reply as follows :—

The points for decision are really two (1) under what procedure should these salary and other charges be drawn and audited (2) how are they to be adjusted between India and Madras.

With regard to the first point, I think that the present practice under which the whole of these charges are drawn at a single treasury and audited by our Account office leaves nothing to be desired. The Director of Public Instruction suggests that Mr. Marsden should draw part of his pay at Coorg and part at Bangalore, and would, I suppose, approve of the same plan for contingencies and travelling allowances, but this course seems to me to promise no practical advantages, while it is quite conceivable that it might cause considerable inconvenience to the officers concerned and to the Accounts Department. It must surely be more convenient for every one concerned that all the charges should be drawn at a single treasury and as they have hitherto been drawn at Coorg, that is the treasury best suited to the purpose.

2. With regard to the second point the Government of India has ordered that two-thirds of Mr. Marsden's salary shall be borne by Madras, and it would seem to follow that the same division should be made of his office contingencies. Indeed no other means of adjusting those charges seems feasible. With regard to travelling allowance, it would, I think, be better if Mr. Marsden's journeys in Coorg were debited to India and those in other parts to Madras. One advantage of this arrangement is that the rates of travelling allowance in Coorg are much higher than those in Madras, and that any arrangements by which they were assumed to be equal would unfairly benefit the former province.

In short what I propose is this, that the whole of Mr. Marsden's bills for salary, travelling allowance, and office contingencies be cashed at the Coorg Treasury and audited by the Comptroller of India Treasuries as at present, and that two-thirds of the charges for salary and contingencies and so much of the travelling allowance as is due to journeys in Madras, be debited to that province. As however no mention is made in the Orders of Government regarding the travelling allowances and contingencies I am addressing the Government of India on this point.

Dear Crawford

In reply to your Memo dated July 18, inquiring whether a Sub. Dep. Inspector existed in Mr Rice's time & also what was done for this person then

In Mr. Rice's time there was no S Dep Inspector the work of inspection was supposed to be done by the Dep Inspector Mr. Grierson, who had a person paid by the Mayne state. The records were kept in the Director's office in the public buildings & were therefore under the guard of the regular police.

A person for the S.Dep. Inspector of the C.M. station is absolutely necessary, as well to attend upon him carry ~~mails~~ chits and orders to Managers & Post offices, make Covers &c, as to live in the office & watch it at nights. The office is in a little bungalow rented at Rs 15 p.m. When the Sub. Dep. Inspector is ~~not~~ no in it, there will be no one to look after it.

SIR,

I have the honor to state that orders from the Government of India on the proposal to amalgamate my office establishments for Coorg, Bangalore and Madras, have not yet reached me. They were sent over two months ago.

The Resident sanctioned the employment of a clerk in no. 76/5468 dated 11-1-89 for six months. This sanction was extended by letter no. 2154/5468 dated 26. 6. 89. for 3 months from the 27th of june. This period expired yesterday. I waited up to the last moment in the hope that the orders of the

of the Government of India would be received, but as they have not yet been received, I have now the honor to solicit sanction for the employment of the clerk for a further period of 3 months. It is tolerably certain that sanction for the amalgamation will be received before the expiry of this period and that such sanction will be given with retrospective effect.

With reference to your letter No. 3460/5468 dated 12th October 1889, I have the honor to state that the period for which the retention of the temporary clerk for the C & M. station, in my office, was sanctioned, expired on the 27th ultimo and that the final order of the Govt of India on the reorganization of my office establishment have not yet reached me. Two reminders have recently been sent by me to the Director of Public Instruction, Madras.

In the circumstances, I have no alternative than to request that

the President will be good enough to extend the period for 3 months once more, ie to the 27th of March, by which time I think there can be no doubt that orders will have been received.

The cost may be met, I think, from savings in the general educational budget, consequent on the withdrawal of grant from the Boarding A. V. School.—

12 There is nothing in the files to answer Auditor Gl's query above but it may. I think, be taken for granted that the duties of the two Clerks will be very much the same as those of the Clerk for the C. Pn. Station as described in Mr. Emerson's letter of the 26. Dec. 88. (See As 5)

Sl 14. — 14 Letter No 34 dated the 24th April 1889 from the Inspector of Schools Civil and Military station, soliciting sanction to the appointment of M. Abdulla 7.A. as temporary clerk in his office from the 3rd April 1889 vice Mir Hyder Hussain resigned the climate of Calicut not having agreed with him.

15 Mir Hyder Hussain was employed on Rs 15 as a temporary clerk for 6 months from the 27th December 1888 (vide serial 11). As he has resigned the present incumbent is proposed in his place. Which may be sanctioned. The sanction now to be accorded will run up to the 26th June next.

16 In this Connection please see serial 71 in file 194 of 1885. Coorg The only point

for consideration is, how is the pay of the temporary clerk from the 1st April 1889. is to be met, seeing that no provision was made on this account in the assigned Head-budget for the current year. Last year the Expenditure was met from savings in the Educational budget of the assigned Head. This year we can hardly anticipate any savings. ~~does appear to be~~ Perhaps at the close of the year the Accountant General will adjust the Charge by debiting it to general savings.

Is we like to see authority for this. How was his pay drawn? DL 11

Not be unless he accepts the Res.t's sanction. DL

17 As the temporary clerk has already been sanctioned for 6 months, the appointment of a 7th clerk may be sanctioned. Draft submitted for favour of approval.

SC 11 the 27th

December last may be continued for a further period of 3 months.

26 Mr. Marsden says that the appointment in question is to be included in the general establishment of the Inspector of Schools for the Western circle Madras Presidency, the proposal to this effect being now under the Govt of Madras & the Govt of India. He adds that the matter will not be probably be disposed of in less than 3 months.

30. Letter No. 74 dated the 4th July 1889 S.L. 18
from the Inspector of Schools for the C.M.S.
of Bangalore requesting that the
appointment of a peon on Rs 7 for the
by Inspector of Schools for the C.M.S.
of Bangalore may be recommended
to the Govt of India for sanction.

In letter No. 770 dated the 12th February S.K. 68 Coorg file 194 1885
1889 to the Secretary to the Chief Comm.
of Coorg, Mr. Marsden submitted
certain proposals for the reorganization
of his office establishment & for apportioning
the cost thereof between Madras, Coorg
& the C.M.S. The proposals of Mr. Marsden
finally noted on in paras 219 to 250 of the note on
Coorg office file No. 194 of 1885. They are
however again recorded in this note
so far as they affect the C.M.S.

32 The first proposal was that the

establishment for the Inspector of Schools Western circle (excluding Coorg & the C. Dists) should be as follows:—

		Rs
Head Clerk	Rs 50	50-0-0
2nd "	Rs 20 to 25	22-8-0
3rd "	Rs 15 to 20	17-8-0
4th "	Rs 15	15-0-0
3 peons on Rs 7 each		21-0-0
Total		126-0-0

that the cost of the establishment should be debited to Madras, Coorg & the C. Dists. in the proportion in which the salary of the Inspector is debited viz. 2/3 to Madras, 1/6 to Coorg & 1/6 to the Assigned tract.

33. The Inspector of Schools explained that the above proposal involved no additional cost to the Govt of India the cost of the establishment now maintained both for Coorg & the Assigned tract amounts to Rs 42 per mensem which is 1/3 of the Cost

* Clerk for Coorg Rs 20
peon for do Rs 7
temporary clerk " 15
for C. Dists 42

of the proposed establishment. Post so far as the Coorg is concerned the proposal involves an additional expenditure of Rs 21 per mensem or Rs 252 per annum (1/6 of the Cost of the establishment) so no expansion establishment has been permanently sanctioned for the Assigned Tract. The proposal was accepted by the Chief Commr in letter No 494/1945 dt the 25th March 1889 to the Commr of Coorg & has been laid before the Govt of Madras by the Director of Public Instruction in Madras for consideration & submission to the Govt of India

S/L 71 Coorg File No 194/1885

S/L 18/A

4 The 2nd proposal was that the expenditure on account of office contingencies & travelling allowances should be debited to the different Local Govts in the proportions specified above. This proposal was however accepted tentatively by the Chief Commr of Coorg who was of opinion that

no portion of the travelling allowance should be debited against the Assigned tract as it was not likely that Mr. Marsden would be able to show any claim in regard to journey within municipal limits. The following table shews the distribution of Office contingencies & travelling allowance as approved by the Chief Commissioner of Coorg.

S/4 71 Coorg File 194 1885

	Madras	Coorg	Land M.S.	Total
Office Contingencies	2/3 or Rs 400	1/6 or Rs 100	1/6 or Rs 100	Rs 600
Travelling allowance	2/3 or Rs 1600	1/3 or Rs 800	Nil	2400

35. The above proposal has also been laid before the Govt. of Madras by the Director of Public Instruction in Madras who is of opinion that 2/5 instead of 1/3 of the expenditure on account of travelling allowance should be charged to Coorg, as the rates of travelling allowance allowed there are high

S/4 16/a

S/4 18/A

than those sanctioned for other parts viz Rs 1-2/3.

So far as the Govt is concerned the proposal involves an additional expenditure of Rs 100 under the head "Office Contingencies" for which there is now no provision.

16. The last proposal was that a person on Rs 7 should be sanctioned for the Sub Dy Inspector of Schools Bangalore to carry the letters to the Managers of schools & to look after the Records in the office at Bangalore. With Mr. Marsden Mad Chief Commr concurred that a person was necessary for the Sub Dy Inspector but thought that the appointment could be included by the Govt of Madras in their proposals for the reorganization of the Inspectors establishment.

para 2 of Serial 71 Coorg File No 194 1880

The Director of Public Instruction in a despatch has however included the Sub Dy Inspector in his proposals as will be seen in the following extract from his letter No 0/375 dated the 22nd June 1889

Sl 4 18/A

to the Chief Secretary to the Govt of Fort St George

" q" As regards the entertainment of a clerk

of Coorg with the Home Deptt & the Govt of Madras. In applying for sanctions for a post for the Dy. Dy. Inspector of Schools for the C. Dists. it will be necessary to inform the Foreign Deptt that arrangements have been sanctioned for the inspection of the schools in the station. It may perhaps therefore be well to wait till orders are passed on proposals of the Director of Public Instruction in Madras for the reorganization of inspecting establishment. In the meantime appointment of a person may if considered desirable be sanctioned provisionally for two years from the 1st proximo.

The question of a special travelling carriage allowance to the Guardian Nilgiri employed in the inspection of schools in the C. Districts, taken up separately file No. 308 of 1889 is submitted for favour of orders.
